

Odyssey of the Ant

Be Proactive

Upon a mighty stone a lonely ant sits
Knowing the road that lie ahead will surely give him fits
To stay and wonder and never move ahead
Would surely be simpler than his option instead
Yet inside he knows that this is not a choice
For if he remains, other ants will never hear his voice
So without hesitation or a hint of fear
He takes his first step to bring his goal more near

For you the road is easy, but not so much for an ant
But don't you ever think that an ant can't
His strength is unmatched when considering his size
And with the heart of a lion he will surely get his prize
It matters not just how far with his steps he does strode
For his prize does not wait at the end of the road
He already earned that on the first step he did take
For it is the challenge of the journey, not how many footprints he will make

The ant had a choice to either wait for something to happen, or to MAKE something happen. Sometimes the prize isn't what is at the end, but rather the fact that we made the choice to go after it in the first place. It's up to you to choose how you will respond in difficult times. A person's true character shows when times are difficult, not when things are going right. Being proactive means you can choose your attitude and how to respond to YOUR world!
